RESPONSE TO NOTICE TO FILE MISSING PARTS

Honorable Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

In response to the notice to file missing parts of nonprovisional application, submitted herewith is the declaration for the application, as well as the required fee of \$130. The requirement for a declaration has therefore been met.

The notice also indicates that figure 3 allegedly was omitted from the application. That is clearly incorrect, but if necessary, this paper may also be considered to be the necessary petition, and the fee of \$130 is submitted herewith, although that fee should be returned since the drawing figure obviously was received by the Patent and Trademark Office.

When the application was filed, figure 3 was filed with the application, but did not have a figure designation. That error is regretted, and a duplicate copy of that drawing is now submitted herewith, but having the figure designation.

Since figure 3 was filed with the application, it is requested that the enclosed fee be credited to deposit account number 12-0913 once the Patent and Trademark Office has gone through its necessary review.

Any questions should be directed to the undersigned.
